MESSAGE FROM PIMA PRESIDENT

DR. Abdullah Khilji
PRESIDENT, PIMA SINDH

It is a matter of great pleasure for all of us that PIMA Sindh is going to organize a conference by name of 15th Biennial PIMA Sindh Convention 2017.

The PIMA objective of is not only to provide cure for the medical ailments but also to strive against evil and moral degradations in the society, which are rather more harmful diseases for the nation collectively.

The conference has a lot to offer to the doctors from almost all fields. The conference will be designed to highlight the modern scientific development, social requirements of the nation, discussions, workshop and scientific session on the common topics in medical fields like cardiology, diabetics, pediatrics, neurology, psychiatry, orthopedics, child and women health and others which a family physician face day in and day out in his/her professionals life. However in the expanding field of medicine and genetics, ethical issues are fastly coming forth. Scholarly talk on these and other religious matters would be of great interest to everyone.

All in all we are sure this conference shall be a memorable one we urge you to contribute whole heartedly for its success. We will try our level best to make this two days event attractive and fruitful. We welcome you to this great event in Sindh.
