Karachi CON'16

26-27 NOV, 2016 - SATURDAY & SUNDAY
PEARL CONTINENTAL HOTEL, KARACHI

MESSAGE FROM CHAIRMAN

PROF. MUHAMMAD IQBAL AFRIDI
CHAIRMAN, PIMA KARACHI CON-2016

It is indeed a pleasure to give this message on the occasion of PIMA conference, to be held on 26th and 27th November 2016, at Pearl Continental Hotel, Karachi. The theme of the Conference is "Repel the bad with good; the best good". "ادفع بالتي هي احسن". Keeping in mind the prevalence and the commonality of sin, bad, criminality, and the man-made disasters (war & terrors) globally and locally, this theme of the conference is very appropriate, indeed this is the ultimate aim & objective to have peace and empathy (global & local).

In this changing world of technology & social media, where, by in large, everyone is directly or indirectly, the victim of harm or witness of breaking of the law and order/ security issues & encountering the threats all the time, it is quite stimulating to sensitize the concerned corners for practical steps.

The aim and objectives of health professionals is also on the same lines; to replace the illness/disease/ disorder by the best health or ordering of the system, of the body. With the valuable participation of health professionals, this mega-academic gathering will give us an opportunity to learn from the wisdom of senior health professionals.

Besides plenary sessions and invited talks by the eminent speakers, there is rich scientific program in the field of Medical, Surgical, and allied health disciplines. As a member of team we have made our sincere efforts to make the best possible arrangements and hope that with the valuable participation by various delegates, this will be a successful event. Best regards & warmest greetings to all the participants.

MESSAGE FROM PIMA PRESIDENT

DR. ATIF HAFEEZ SIDDIQUI
PRESIDENT, PIMA KARACHI

It is a matter of great pleasure for all of us that PIMA Karachi is going to organize a conference by name of KarachiCon-2016.

The PIMA objective of is not only to provide cure for the medical ailments but also to strive against evil and moral degradations in the society, which are rather more harmful diseases for the nation collectively.

The conference has a lot to offer to the doctors from almost all fields. The conference will be designed to highlight the modern scientific development, social requirements of the nation, discussions, workshop and scientific session on the common topics in medical fields like cardiology, diabetics, pediatrics, neurology, psychiatry, orthopedics, child and women health and others which a family physician face day in and day out in his/her professionals life. However in the expanding field of medicine and genetics, ethical issues are fastly coming forth. Scholarly talk on these and other religious matters would be of great interest to everyone.

All in all we are sure this conference shall be a memorable one we urge you to contribute whole heartedly for its success. We will try our level best to make this two days event attractive and fruitful. We welcome you to this great event in Karachi.

ادفعُ بِالتِّي هِيَ أَحْسَنُ

تم ہدی کو اُس نیکی سے دفع کرو جو بہترین ہو۔ (القرآن)
